

Acclaim Compact

We believe our success will be rooted in our commitment to consistently provide safe, timely, effective, efficient, equitable and high quality patient-centered care. We will hold ourselves accountable in the fulfillment of this compact and gratefully acknowledge the contributions and efforts of others in our success.

Service

Serve others by creating a transparent, trusting, respectful and safe environment.

Be inclusive – of thoughts, ideas and people.

Support academic, educational and research endeavors.

Quality

Maintain a collaborative environment in the selection of relevant and achievable performance metrics.

Support process improvement through timely reporting of collaborative behaviors and measureable outcomes.

Stewardship

Sustain fair market compensation with a pay-for-performance component aligned to quality care and clinical outcomes, patient-centered care, operational and service excellence, individual and group productivity, while simultaneously acknowledging value for teaching and research.

Actively participate in our financial success by optimizing resources.

Integrity

Conduct ourselves with honesty, trustworthiness and dependability.

Do what is right, not just what is easy – even if no one is looking.

Hold myself and others accountable to this compact.
